Owner, Master KonMari Consultant and
Professional Organizer

I grew up with an army dad and a neat queen mom who is clinically allergic to dust, so for me being tidy wasn't an option. With constant moves, staying organized was definitely VERY helpful, so I started appreciating it more and more. It wasn't until I became a young adult that I actually saw the value and appreciated the lessons I learned around organizing from my family.

Staying organized definitely helped me through some really tough times in my life. Organizing allowed my heart and mind to find calm from the outside in. Keeping an organized home made it easier to find clarity and to keep moving forward.

We eventually ended up settling in Tucson, Arizona because we became part of a wonderful and loving spiritual community where we met one of the most important people in our lives. This was a catalyst that guided me to go deeper into my purpose. I came across professional organizing and I started to do some research. Now I am officially listed on [KonMari.com](https://www.konmari.com) as a Master KonMari Consultant (Professional Organizer) certified by Marie Kondo in her KonMari® Method!

I've worked with all kinds of wonderful families and unique individuals of all ages for over 12 years. With my business, my intention is to help others reflect on where they are at and where they desire to be. I empower them to create a home environment where they can THRIVE.
